WHO WE ARE

Kapanu AG is a **start-up and ETH Spin-off** formed by a highly motivated and enthusiastic team of former and current members of the ETH Zurich. With our domain expertise in science and industry we recently entered into an strategic partnership with a world leading dental company.

Our mission is to bring **visual computing technologies to dentistry** - from initial consultation to a confident smile. By bringing augmented reality to the dental sector, we will make the communication between patients, dentists and technicians more interactive and immersive.

We are now growing our core team and hiring a

Mobile Frontend Developer UI/UX
